

## DECLARATION OF INDEPENDENCE

Text of Irish Chapter Received in New York—Suppressed by British

Calls England Invader and States People Alone Shall Have Power

NEW YORK, May 2.—Supreme Court Justice Cohan received yesterday from Sean T. O'Kelly, the representative of the Irish republic at Paris, a copy of the declaration of independence adopted by the Irish republic parliament, publication of which has been suppressed in Ireland. This is the first copy to reach this country. The text of the declaration reads: "Whereas the Irish people is by right a free people, and whereas for 700 years the Irish people has never ceased to repudiate and has repeatedly protested in arms against foreign usurpation; "And whereas the Irish republic was proclaimed in Dublin on Easter Monday, 1916, by the Irish republican army, acting on behalf of the Irish people;

### By Overwhelming Majority

"And whereas the Irish people is resolved to secure and maintain its complete independence in order to promote the common weal, to re-establish justice, to provide for future defense, to insure peace at home and good will with all nations and to constitute a national policy based upon the people's will with equal right and equal opportunity for every citizen;

"And whereas at the threshold of a new era in history the Irish electorate has in the general election of December, 1918, seized the first occasion to declare by an overwhelming majority its firm allegiance to the Irish republic;

"Now, therefore, we, the elected representatives of the ancient Irish people in national parliament assembled do, in the name of the Irish nation, ratify the establishment of the Irish republic and pledge ourselves and our people to make this declaration effective by every means at our command;

"To ordain that the elected representatives of the Irish people alone have power to make laws binding on the people of Ireland; and that the Irish parliament is the only parliament to which that people will give its allegiance.

### Will Not Tolerate Invasion

"We solemnly declare foreign government in Ireland to be an invasion of our national right which we will never tolerate, and we demand the evacuation of our country by the English garrison. "We claim for our national inde-

pendence the recognition and support of every free nation of the world, but we proclaim that independence to be a condition precedent to international peace hereafter.

"In the name of the Irish people we humbly commit our destiny to Almighty God, who gave our fathers the courage and determination to persevere through long centuries of a ruthless tyranny and strong in the justice of the cause which they have handed down to us, we ask His divine blessing on this, the last stage of the struggle which we have pledged ourselves to carry through to freedom."

## NO CHANGE IN PAINTERS' STRIKE

There was no change reported this morning in the painters' strike, but the journeyman painters, who are out for an increase in wages, expect that the trouble will be settled Monday at the latest. The strikers held a meeting in their quarters in the Ranelagh building this forenoon, but nothing was given out for publication. Another meeting is scheduled for this evening at which time it is expected word will be received from the master painters.

### LOWELL'S MORTALITY RATE

There was a slight drop in Lowell's mortality rate this week, there being 32 deaths in comparison with 41 and 27 the two weeks before. The rates for the three weeks were 15.59, 19.74 and 13, respectively. There were seven deaths of children under five and five of children under one. Infectious diseases caused three deaths, pneumonia three, bronchitis one and tuberculosis two. Infectious diseases reported included: Diphtheria, 10; scarlet fever, 10; measles, 3, and tuberculosis, 5.

## PLANS FOR INTER-ALLIED GAINS

PARIS, Friday, May 2.—Representatives of 31 allied nations are expected to take part in the inter-allied games to be held in Paris from June 22 to July 6. General Pershing and the officers and men of the American Expeditionary Force are inviting all the allied nations to enter what is expected to be the greatest international athletic event since the Olympic games at Stockholm. The events will be open only to contestants who served with the allied forces at any time between August, 1914, and Nov. 11, 1918.

The American army is erecting the "Pershing stadium" with a capacity of 42,000 persons. The ground is given by the French government, the funds for the stadium are to be supplied by the Y.M.C.A. and the contestants will be the guests of the American Expeditionary Force, which will defray the expenses of the games. Trophies will be awarded for separate events. President Wilson has offered a statuette, "Jason with the Golden Fleece," to the nation winning the track and field championship. General Pershing has donated a trophy for the rifle team competition. Premier Clemenceau also has given a trophy.

## MORE GERMANS ARRIVE

Subordinates Reach Versailles—Must Stay on Reservation

VERSAILLES, Friday, May 2.—(By Associated Press.)—The German delegation to the peace congress is rapidly assuming a position of equality in numbers at least, with the delegations of the various allied and associated powers. Twenty more subordinates of the delegation arrived in Versailles late last evening and this morning traveling on regular trains under escort. Their arrival brings the roster of the delegation to a total of 218, while still more arrivals are expected.

A brisk interchange of telegrams is in progress with Berlin. A courier left for Berlin today with official and press dispatches. Time is hanging rather heavily on most of the delegation, owing to the delay in opening the actual peace negotiations. The billiard tables in the hotels occupied by the Germans are frequently in progress in the newspapermen's club rooms and in a dozen other places.

So far as is known the only thing on the schedule for the enemy plenipotentiaries until next week's session at which the peace terms will be handed over, is a further meeting of the delegates with the credentials committee of the peace conference Sunday morning.

The tendency of the German delegation's subordinates, particularly the girl stenographers to break bounds, has led Police Commissioner Cuenin to instruct the police posted at the three hotels to turn back any Germans found wandering off the reservation. The commissioner also issued a warning that any attempt on the part of the Germans to go to Paris to see the sights will lead to their instant banishment to Germany.

### First Disturbance

The first disturbance of the orderly routine around German headquarters occurred this afternoon when a procession of youths cheering for Premier Clemenceau and carrying placards reading: "Vive la France!" marched through the Rue des Reservoirs, yelling loudly as they passed the Hotel des Reservoirs. The delegation, however, had the appearance of seeking to make a pro-Clemenceau rather than an anti-German demonstration.

Count von Brockdorff-Rantzau, head of the delegation, who has not the walking habit, took the air this afternoon in an automobile placed at his disposal by the French government. He rode about for an hour in the environs of Versailles.

A group of newspapermen, of whom there are 29 accredited to the German delegation, visited the rooms of the Trianon where the deliberations are to be held.

The reports showed a decrease for the first time in New England.

### AMERICANS OPPOSE PLAN FOR

REHABILITATION OF FINANCIAL CREDIT

PARIS, Friday, May 2.—Authoritative disapproval of a plan advanced for the rehabilitation of European financial credit, was expressed today by the financial members of the American delegation. It was made known definitely that the United States would not be a party to any joint action having for its purpose the restoration of German business.

It had been proposed by the British that a German bond issue of \$5,000,000,000 be arranged, with Great Britain, France, the United States and the other allied and associated powers as guarantors.

## PLANS FOR OVERSEAS FLIGHT COMPLETE

ST. JOHN'S, N. F., May 3.—A survey of transatlantic and local weather conditions to determine whether a start on an overseas flight was practicable today, was made by Frederick P. Raychman and Harry G. Hawker this morning with the knowledge that the United States navy had established the advance guard of its own flight expedition at Trepassy Bay, 30 miles south of St. John's.

"We will go today, if the weather is right or we will go tomorrow, if it is right then," Hawker, a pilot of the Sopwith plane said, "but the American planes will not hurry us at this stage. It will be time enough to worry about the N. C. planes when they get here."

American naval aviators may be flying at Trepassy today or tomorrow. The mine layer, Arctostok which brought the crew and supplies for the Trepassy station carried also a small plane. It is planned to begin test flights as early as possible. Land for a baseball field has been leased.

The Americans said they expected to be at Trepassy about two weeks.

Another United States vessel, believed to be the Prairie, from New York with supplies for the N. C. expedition arrived this morning at Trepassy.

None of the members of the Sopwith or Martinsyde crews has been able to obtain life insurance because of the risk. A request has been filed with Lloyds for a \$10,000 policy to cover the flight of Raychman and Captain William F. Morgan, his navigator.

## ONCE MILLIONAIRE, NOW PLAN TO CLOSE SHOE FACES STARVATION SHOPS IN HAVERHILL

VIENNA, Friday, May 2. (By the Associated Press.)—Count Michael Karolyi, who a few months ago was rated a millionaire with thousands of acres of land, says he is writing a book in English on Hungary's communist experiment in the hope of earning sufficient money to stave off hunger.

"There are plenty of people like me," he continued, "who welcome the communist government because it guarantees to keep us from starving to death which was not the case when we were employers. In going over the books of a glass factory which I formerly owned, I discovered that my total income from all sources was being eaten up to pay the wages of the workmen in this particular factory."

# Italian Envoys Going to Peace Congress Petrograd Reported Captured by Finns Crushing Defeat for the Russian "Reds"

## SAYS WILSON REVERSED STAND

Sen. Johnson Makes Charge  
Against President on Secret Treaties

Also Says He Surrendered  
to Japan Over Disposition of Shantung

WASHINGTON, May 3.—Senator Johnson of California, republican, in a statement today charged that President Wilson had reversed his stand upon secret treaties in the Flom dispute and had surrendered without the semblance of a contest, to Japan in the controversy over the disposition of Shantung by which he said millions of Chinese were delivered into bondage.

"A week ago," Senator Johnson said, "out of the darkness the plot and counter plot, the cunning intrigue and bargaining of the peace conference there came a ray of light when the president denounced secret treaties. The press agents told us how firmly he would stand against Italy's secret treaty. Within a week after an imitation barrage upon racial equality, the Japanese boldly made their demands and without the semblance of a contest, apparently, the president forgets his words which we were still echoing and abjectly surrenders."

"This is simply another concrete illustration of the league of nations. Under nations requiring economic aid must yield, but the powerful and threatening member of the league will obtain by the strong arm exactly what it demands."

"There at stake is a large province of China and 40,000,000 of people. Japan had pledged her word to the world at large and specifically to the United States at the time of the taking of the province, to return it to China. Under her secret agreements she demands that she may break her pledged faith and keep these lands and people; and a peace conference pledged to self determination, justice, to the prevention of weak nations against strong, forgets its pretenses and protections and delivers into bondage millions of helpless people."

### BLAME RETAIL MEN FOR HIGH PRICE OF FISH

BOSTON, May 3.—Responsibility for the present high price of fresh fish in this state is placed upon the retail dealers in the report of the special legislative committee which spent several months investigating the industry. The report was filed with the legislature today.

The committee points out that the selling price of fish in this state is exceeded in only seven of the leading fish consuming states, notwithstanding that Massachusetts is nearest the fishing grounds, has the largest fishing fleet on the Atlantic coast, and has the most modern and complete facilities for handling fish of any of these states.

Intimation That President  
Wilson Will Issue Call  
For Special Session

Confidential Despatch Received in Washington  
From Paris

WASHINGTON, May 3.—Intimation that a special session of congress will be called by President Wilson to meet about June 1 is contained in confidential despatches received in Washington today from Paris.

It was said in administration circles that if the situation in Paris should develop rapidly, the special session might even meet before June 1. In that case the call would be made by cable.

It was made clear in today's despatches that the president was confident it would be possible for him to return to the United States before the end of this month.

## CONFIDENT COVENANT WILL BE RATIFIED

WASHINGTON, May 3.—Senator Hitchcock of Nebraska, retiring chairman of the senate foreign relations committee, in a statement today upon his return from a speaking trip in support of the League of Nations, reiterated his belief that the amended covenant would be ratified.

"If the republicans should succeed in defeating the covenant," said the statement, "that will make it the issue in the next campaign and in my opinion the rock upon which the republican party will split."

## ANOTHER LOWELL MAN CITED FOR BRAVERY

Another Lowell man has been cited for bravery on the field of battle, Sergt. Paul J. Hartley, attached to Co. M, 325th Infantry, 82d Division, proved himself one of Lowell's galaxy of heroes last October, reorganizing the broken units of his company when its officers had been killed or wounded and led them forward under heavy fire.

Information to this effect has been received by Sergt. Hartley's relatives at 15 Floyd street. The official citation reads as follows:  
"Sergt. Paul J. Hartley, Co. M, 325th Infantry, 82d Division. For conspicuous bravery near St. Javin, France, during October, 1918. He reorganized broken units of his company under heavy fire, gaining the objective. The total disregard of personal safety in the performance of his duty calls for the highest praise."

# DECLARATION OF INDEPENDENCE

Text of Irish Chapter Received in New York—Suppressed by British

Calls England Invader and States People Alone Shall Have Power

NEW YORK, May 3.—Supreme Court Justice Cohalan received yesterday from Sean T. O'Kelly, the representative of the Irish republic at Paris, a copy of the declaration of independence adopted by the Irish republic parliament, publication of which has been suppressed in Ireland. This is the first copy to reach this country. The text of the declaration reads: "Whereas the Irish people is by right a free people, and whereas for 700 years the Irish people has never ceased to repudiate and has repeatedly protested in arms against foreign usurpation; "And whereas the Irish republic was proclaimed in Dublin on Easter Monday, 1916, by the Irish republican army, acting on behalf of the Irish people;

## By Overwhelming Majority

"And whereas the Irish people is resolved to secure and maintain its complete independence in order to promote the common weal, to re-establish justice, to provide for future defense, to insure peace at home and good will with all nations and to constitute a national policy based upon the people's will with equal right and equal opportunity for every citizen; "And whereas at the threshold of a new era in history the Irish electorate has in the general election of December, 1918, seized the first occasion to declare by an overwhelming majority its firm allegiance to the Irish republic;

"Now, therefore, we, the elected representatives of the ancient Irish people in national parliament assembled do, in the name of the Irish nation, ratify the establishment of the Irish republic and pledge ourselves and our people to make this declaration effective by every means at our command; "To ordain that the elected representatives of the Irish people alone have power to make laws binding on the people of Ireland, and that the Irish parliament is the only parliament to which that people will give its allegiance.

## Will Not Tolerate Invasion

"We solemnly declare foreign government in Ireland to be an invasion of our national right which we will never tolerate, and we demand the evacuation of our country by the English garrison. "We claim for our national inde-

pendence the recognition and support of every free nation of the world, but we proclaim that independence to be a condition precedent to international peace hereafter. "In the name of the Irish people we humbly commit our destiny to Almighty God, who gave our fathers the courage and determination to persevere through long centuries of a ruthless tyranny and strong in the justice of the cause which they have handed down to us, we ask His divine blessing on this, the last stage of the struggle which we have pledged ourselves to carry through to freedom."

## NO CHANGE IN PAINTERS' STRIKE

There was no change reported this morning in the painters' strike, but the journeymen painters, who are out for an increase in wages, expect that the trouble will be settled Monday at the latest. The strikers held a meeting in their quarters in the Runcos building this forenoon, but nothing was given out for publication. Another meeting is scheduled for this evening at which time it is expected word will be received from the master painters.

## LOWELL'S MORTALITY RATE

There was a slight drop in Lowell's mortality rate this week, there being 33 deaths in comparison with 41 and 27 the two weeks before. The rates for the three weeks were 15.50, 19.74 and 13, respectively. There were seven deaths of children under five and five of children under one. Infectious diseases caused three deaths, pneumonia three, bronchitis one and tuberculosis two. Infectious diseases reported included: Diphtheria, 10; scarlet fever, 10; measles, 3, and tuberculosis, 6.

## PLANS FOR INTER-ALLIED GAINS

PARIS, Friday, May 2.—Representatives of 21 allied nations are expected to take part in the inter-allied games to be held in Paris from June 22 to July 6. General Pershing and the officers and men of the American Expeditionary Force are inviting all the allied nations to enter what is expected to be the greatest international athletic event since the Olympic games at Stockholm. The events will be open only to contestants who served with the allied forces at any time between August, 1914, and Nov. 11, 1918.

The American army is erecting the "Pershing stadium" with a capacity of 42,000 persons. The ground is given by the French government, the funds for the stadium are to be supplied by the Y.M.C.A. and the contestants will be the guests of the American Expeditionary Force, which will defray the expenses of the games. Trophies will be awarded for separate events. President Wilson has offered a statuette, "Jason with the Golden Fleece," to the nation winning the track and field championship. General Pershing has donated a trophy for the rifle team competition. Premier Clemenceau also has given a trophy.

If you want to reach the people who spend their money in Lowell advertise in The Sun, Lowell's greatest newspaper.

## MORE GERMANS ARRIVE

Subordinates Reach Versailles—Must Stay on Reservation

VERSAILLES, Friday, May 2.—(By Associated Press)—The German delegation to the peace conference is rapidly assuming a position of equality in numbers at least, with the delegations of the various allied and associated powers. Twenty more subordinates of the delegation arrived in Versailles late last evening and this morning traveling on regular trains under escort. Their arrival brings the roster of the delegation to a total of 218, while still more arrivals are expected. A brisk interchange of telegrams is in progress with Berlin. A courier left for Berlin today with official and press despatches. "Times" is hanging rather heavily on most of the delegation, owing to the delay in opening the actual peace negotiations. The billiard tables in the hotels occupied by the Germans are in constant use, and card games are frequently in progress in the newspapers' club rooms and in a dozen other places.

So far as is known the only thing on the schedule for the enemy plenipotentiaries until next week's session at which the peace terms will be handed over, is a further meeting of the delegates with the credentials committee of the peace conference Sunday morning.

The tendency of the German delegations' subordinates, particularly the girl stenographers to break bounds, has led Police Commissioner Cuddeles to instruct the police posted at the three hotels to turn back any Germans found wandering off the reservation. The commissioner also issued a warning that any attempt on the part of the Germans to go to Paris to see the sights will lead to their instant banishment to Germany.

## First Disturbance

The first disturbance of the orderly routine around German headquarters occurred this afternoon when a procession of youths cheering for Premier Clemenceau and carrying placards reading: "Vive la France!" marched through the Rue des Reservoirs, yelling loudly as they passed the Hotel des Reservoirs. The delegation, however, had the appearance of seeking to make a pro-Clemenceau rather than an anti-German demonstration.

Count von Brockdorff-Rantzau, head of the delegation, who has not the walking habit, took the air this afternoon in an automobile placed at his disposal by the French government. He rode about for an hour in the environs of Versailles.

A group of newspapermen, of whom there are 29 accredited to the German delegation, visited the rooms of the Trianon where the deliberations are to be held.

## AMERICANS OPPOSE PLAN FOR REHABILITATION OF FINANCIAL CREDIT

PARIS, Friday, May 2. Authoritative disapproval of a plan advanced for the rehabilitation of European financial credit, was expressed today by the financial members of the American delegation. It was made known definitely that the United States would not be a party to any joint action having for its purpose the restoration of German business.

It had been proposed by the British that a German bond issue of \$5,000,000,000 be arranged with Great Britain, France, the United States and the other allied and associated powers as guarantors.

## PLANS FOR OVERSEAS FLIGHT COMPLETE

ST. JOHN'S, N. F., May 3.—A survey of transatlantic and local weather conditions to determine whether a start on an overseas flight was practicable today, was made by Frederick P. Raynham and Harry C. Hawker this morning with the knowledge that the United States navy had established the advance guard of its own flight expedition at Trepassy Bay, 90 miles south of St. John's.

"We will go today, if the weather is right or we will go tomorrow, if it is right then," Hawker, a pilot of the Sopwith plane said, "but the American planes will not hurry us at this stage. It will be time enough to worry about the N. C. planes when they get here."

American naval aviators may be flying at Trepassy today or tomorrow. The mine layer Aroostook which brought the crew and supplies for the Trepassy station carried also a small plane. It is planned to begin test flights as early as possible. Land for a baseball field has been leased.

The Americans said they expected to be at Trepassy about two weeks.

Another United States vessel, believed to be the Prairie, from New York with supplies for the N. C. expedition arrived this morning at Trepassy.

None of the members of the Sopwith or Hurlinsyde crews has been able to obtain life insurance because of the risk. A request has been filed with Lloyd's for a \$10,000 policy to cover the flight of Raynham and Captain William F. Morgan, his navigator.

Pres. Wilson Determined To Have Troops Out of Europe as Soon as Possible

General March Hastening Demobilization in This Country

WASHINGTON, May 3.—Determination of President Wilson, indicated in press despatches from Paris, that so American troops shall continue on German soil for a longer period after the signing of the peace treaty than may be necessary to embark them for home, is borne out by present plans of the war department, which contemplate the return of the entire American Expeditionary Forces by September. Because of this Gen. March, chief of staff, is making every effort to speed up the demobilization in this country.

An official announcement issued yesterday as to the accumulation of surplus clothing for the troops stated that the estimates were based on "troop withdrawal to be completed in September."

The statement also said that "if an army of occupation is maintained after September a portion of this surplus will be needed."

This computation was taken to reflect exactly the present information of the department as to future troop movements.

The September date represents estimates by embarkation officials as to the maximum possible speed in withdrawing the entire force in Europe, including the troops holding the Coblenz bridgehead section on the Rhine. If anything, officers anticipate that the movement will be accelerated rather than retarded. The schedule has been exceeded recently and in increasing measure from week to week with an indicated monthly movement of 450,000 men, the best predictions of Gen. March and his aides bid fair, it was said, to be more than realized.

## BIRTHDAY PARTY

An enjoyable party was held at the home of Mr. and Mrs. C. S. Maxwell, 1161 Lawrence street, Thursday, when their daughter, Gwendolyn, was assisted in observing her 16th birthday. The evening was spent in games and music. Lunch was served during the evening and Miss Gwendolyn received many dainty gifts from out of town. Master Donald Parker presented her a beautiful silver ring in behalf of her young friends. A pretty feature of the evening was the presentation of a basket of 16 roses concealing a gold wrist watch, the gift of her father and mother.

You cannot be constipated and happy at the same time. If you have a bad taste in the mouth, foul breath, furrowed tongue, dull headaches, drowsiness, disturbed sleep, mental depression, yellowish skin, then you are constipated, and SEVEN BARKS will quickly relieve this disorder, which is the result of liver derangement, and severe digestive disturbances.

Be prepared for these emergencies: always keep SEVEN BARKS on hand, and take from 10 to 20 drops in a little water after meals, and it will quickly cause the bowels and liver to act normally.

If you want to get the greatest efficiency out of your body, you should take SEVEN BARKS, so that the stomach may do its best work, and not be handicapped by the burdens of foolish, sometimes put upon it. For sale by druggists. Price, 50 cents per bottle—Adv.

## DANCES BY MISS PERRIN'S PUPILS

Pupils of Miss L. B. Perrin, who has conducted a dancing class in Lowell for several seasons, furnished an enjoyable evening in the Highland club house last evening, where they gathered in an exhibition of interpretative classic and nature dancing for the benefit of the public. General dancing was later enjoyed until midnight. Hibbard's orchestra furnishing music.

The program introduced novel dances and specialties in which young girls, ranging from six to 14 years of age, appeared prettily costumed and charmed the large audience which had turned out for the annual event. Perhaps one of the best numbers of the evening was the Dance De Mour, given by the two Dewire sisters, Marie and Dora, and all the little misses who followed or preceded this clever little pair were also well received.

The matrons were Mrs. J. P. Connelley, Mrs. J. J. Conley, Mrs. C. L. Faneuf, Mrs. A. A. Parent, Mrs. G. M. Smith, Mrs. W. J. Morey and Mrs. L. Carr. The ushers were G. S. Gracie, H. R. Jennings, H. E. Shedd, R. O. Rival, Estate Page.

The dance program was as follows: Rose Dance, Georgette Rival; Shren Treves, Marion Barrett; La Rapillon, Margaret Mooney; Colonial Minuet, Helen Shea; Norbert Parent; Irish Jig, Helena Connors; Flower Dance, Alice Faneuf; Dance of Spring, Bertha Barrett; Sailors' Hornpipe, Helena Connors; Lily Ballet, Anabel Perry; Mildred Kilpatrick; Louise Adams; Mary Maguire, Mary Dronney; Marion Barrett; Mabel Stanton; Josephine McCaughy; Estelle Miller; Beatrice Sophia Altman; Spirit of Dawn, Alice Fielding; Dance of Summer, Estelle Buckley; Helena Connors; Helen Rigby; Helen Shea; Grace Swallow; Margaret Dronney; Effie Beauregard; Irma Carr; Hindustan, Eileen Markham; Dragon Fly, Mary Coughlin; Aviation Dance, Helen Casey; Pierrette Dance, Leona Boss; Spanish Dance, Madeline McLaughlin; The Boule; Pony Trot, Helen Dronney; Anabelle Perry; Dorian Dance, Mabel Boudinier; Joan of Arc, Alice Faneuf; Wood Nymph, Gwendolyn Smith; Madelon, Louise Normandy; Maid of the Mist, Helen Dronney; Victory Dance, Evelyn Whitman; Ron Bon Dance, Helen Normandy; The Dance, Doris Conley; Dance De Mour, Doris Dewire, Marie Dewire; Le Belle Marie, Anabelle Perry; Flower Pages, Masters Elliot Perrin and Norbert Parent; pianist, Mrs. Helen Malt.

## TWO KILLED IN AIRPLANE ACCIDENT

PANAMA, May 3.—Major R. M. Clark of California and Lieut. R. G. Tolin of Atlanta, Ga., were killed in an airplane accident at Miraflores, Peru, yesterday. Lieut. J. L. Hitt was slightly injured.

Major Clark and Lieut. Tonkin were passengers in a hydro-airplane driven by Lieut. Hitt. Because of engine trouble, the machine was flying low, it cleared the first gate of the lower lock chamber, but struck the second gate, upsetting and throwing the three men into the water.

## WILL LOOK AFTER THE G.A.R. MEN

With Memorial day falling in the current month, local military organizations are formulating plans for its observance, and among them, the Sons of Veterans. As in past years this organization will look after the G.A.R. men with every degree of forethought and will see to it that the veterans of '61 to '65 have one more of their few remaining memorable days for the purpose of honoring the memories of their departed comrades. The complete program for the 30th is not ready but in part it will consist of the decoration of graves in the several cemeteries and the memorial services conducted by the different posts during the forenoon.

Post 12 will decorate the graves in the Catholic and Old English cemeteries; Post 170 will go to the Edison and Westlawn cemeteries; Post 152, the Lowell cemetery; Farragut post, Sons of Veterans, the Hildreth cemetery, and Adelbert Ames camp, Spanish War Veterans, the Woodbine, French Catholic and School street cemeteries. Automobiles, loaned by Lowell men, will be used to take the veterans to and from these services. The sponsoring of the automobiles is in the hands of Lucius A. Derby, assisted by William L. Dickey and L. F. Monroe.

## THANK LOWELL AND LOWELL PEOPLE

CAMP DEVENS, Ayer, May 3.—The Knights of Columbus War activities at Camp Devens have given out the following statement to newspaper correspondents, and it has been published in the Camp Press:

"Sincere gratification is felt at Camp Devens for the untiring efforts of the Lowell Council, 72, Knights of Columbus. From the very first, every possible service it was in their power to render was given readily to men in khaki from this cantonment. Furnishing sleeping quarters, providing entertainment and in 100 different ways, both the citizens of Lowell, and the members of the Lowell Council have displayed that unselfish service to soldiers and sailors which at once marks the public spirited person, and the devoted patriot.

"The soldiers who have been stationed at Camp Devens in tens of thousands, owe much to the people of the city of Lowell, who caught the gospel of service from the start."

## LODGE COMPLAINT WITH THE MAYOR

A committee representing the Teamsters' union called on Mayor Thompson today to protest against the hours of employment of one Walter O'Brien, who works at the Chelmsford Street hospital as a general teamster.

O'Brien is a member of the union. He now receives \$12 a week and found, while other teamsters receive \$3.50 per day. Supt. Martin Conley was called into the conference and it was explained to the delegation that civil service regulations provide that all employees of an institution of the nature of the Chelmsford Street hospital shall be classed either as "mechanics" or "farmers." O'Brien is in the latter class in his civil service rating and may be worked overtime, if his employer wishes it. A "mechanic" can work only eight hours a day. This fact was brought out to the delegation and they were shown why it was legal to employ O'Brien more than the regular union hours.

Some startling seismograph records of earthquakes, for which Prof. Kester at Kansas university could not account, were explained when the professor finally noticed some spider webs on his arm after he had been investigating the situation, and found on further investigation that a tribe of spiders had selected the glass case of the seismograph as a home for their families, and had caused the astonishing records by attaching their webs to the recording needles.

# ONE KILLED, 5 INJURED

Theatrical Auto Party in Accident on Ocean Drive—Car Over Embankment

NEWPORT, R. I., May 3.—Cyril de For, a professional dancer, was instantly killed and his wife, two other women and another man, all members of a theatrical company, were injured in an automobile accident here early today. Chief Machinist's Mate Francis Finn of this city, owner and driver of the machine in which they were riding, received slight injuries.

An accident to the steering gear as the car was on Ocean drive, caused the machine to leave the road and go over a 15-foot embankment onto the beach.

## VICTORY LOAN TOTAL \$1,575,000,000

WASHINGTON, May 3.—Total subscriptions to the Victory loan today passed \$1,575,000,000. The treasury today renewed its appeal to loan organizations to perfect their salesmanship plans for house to house canvasses next week, the last week of the campaign.

"Very slight improvement of interest was reported from the districts," said the treasury's review. "The nation is so far behind schedule on subscriptions that it will be necessary to raise an average of approximately \$500,000,000 a day during the remainder of the loan period to reach the \$4,500,000,000 goal."

## WAR CAMP COMMUNITY SERVICE CLUB

The War Camp Community Service club, with headquarters in the remodeled Trinitarian church building in Dutton street will be opened next week, and dedicatory exercises will follow in about two weeks. Three floors, completely furnished and offering almost every comfort to the service men, including an up to date restaurant, and on the top floor, 100 beds in the dormitory room will be ready for occupancy. A charge of 25 cents per bed will be made. Extensive alterations have changed the church building into an admirable club, with reading, writing, lounging, recreation and bed rooms, with plenty of shower baths and other necessities which make up an adequate community centre.

The War Camp executive committee recently has sent to Lowell, Frank M. Lyon, a restaurant man of many years experience, who, during the war, looked after the feeding of 1000 service men daily in New York city. Mr. Lyon, while being one of the executives of the Lowell club, will have particular jurisdiction over the restaurant and will attempt to make it self-sustaining. That is all the club hopes for, because no profit is desired. With this in mind it may readily be seen that meals will be served at a very nominal charge and particularly low in comparison with the present universally high prices. Benjamin Ponzner, local War Camp secretary, will have supervisory charge, but the complete personnel of the club officials is not yet ready.

Among other features, the dedicatory exercises will include the ceremony known as the demobilization of service flags, a particularly impressive service if properly done. Full details will be published later.

## DOESN'T LOOK FOR DISTURBANCES HERE

"There is no Bolshevism in Lowell at the present time, and I do not look for any of this kind of agitation in the future," the workmen of Lowell are to the thoroughly American, and too loyal to their government to stand for any red flag, I.W.W., or anarchistic demonstrations here."

So said Superintendent Welch today, in discussing the industrial conditions in different cities throughout the country, and the manner in which the Bolshevik doctrine is causing riots and disturbances in different sections of the land.

The Lowell working man is loyal to his country first, last and always. While in many of the cities, New York, Cleveland, Boston and even Lawrence, the anarchistic element is doing a lot of damage, there are absolutely no indications of anything of this sort here. The people of Lowell wouldn't stand for it—no sir, not for a minute."

## SERG. DONOVAN VISITS CITY HALL

Sergt. "Jack" Donovan of the 14th Engineers, who was discharged from the service yesterday after 21 months of overseas service, paid a visit to Mayor Thompson this noon and after a short conference made another visit to the city treasurer's office to draw out all the money that was coming to him as a member of the local police department, during the time that he was in the army. The sergeant had not collected anything while he was in the service and today it came to him in a lump. Mr. Donovan plans to make a trip to Ireland as soon as traveling conditions warrant it.

The only Wisconsin city that has a woman at the head of its health department is Oshkosh, where Dr. Bertha V. Thomson has just been appointed city health commissioner.

# WASHINGTON STREET MAN FINDS HEALTH IN NEW REMEDY

Unable To Walk, Sends Wife For Medicine—Ten Days Later Walks Down Town Himself

What appears to be another remarkable recovery from rheumatism was related by Mr. D. Fitzgerald, who lives at 740 Washington street, Haverhill. He gives all the credit to Weldon, the rheumatic remedy which is becoming so popular in this city.

"When asked for a statement he said: 'I have had rheumatism about four years. It is very severe in the winter and during the cold weather and this year was no exception. My hip gave me a great deal of trouble, so much so that I was unable to lift my foot, or find a comfortable position. I couldn't sleep, move or turn, the pain would wake me up and I would suffer agony for hours. It seemed to wake me up about the same time each morning. I was in pretty bad shape when I first started to take this Weldon—I could not walk and had to send my wife to the store for it. Well, in less than 10 days I was able to go to the store myself and show the Weldon man just what Weldon did for me. I have not an ache or a rheumatic pain and give all the credit to this remarkable medicine. I certainly recommend it to all sufferers of rheumatism.'

Many Lowell people are daily adding their names to those who have been benefited by Weldon, and the Weldon man, is meeting the public at Dows' Drug Store, Merrimack Square, every hour of the day explaining about the medicine and giving out the book which has had such a demand, 'Germs of Rheumatism—How They Live—and How They Die.' This book is free as long as the supply lasts. The Weldon man says, get yours now, today—Adv.

## POLICE COURT SESSION BRIEF

Charged, with being present where gaming implements were found, eight Lowell men were called before Judge Pickman in police court today, and fined \$3 each. The men were arrested about 2 o'clock this morning from an upstairs room on Howe street by Lieut. Petrie and four officers of the vice squad. The names given by those arrested were Frank Walsh, Joseph Murphy, Peter Royce, Fred J. Sullivan, Francis H. Kelly, John Christos, Harry C. Smith and James Chure.

Anthony J. Riley was found guilty of the larceny of two quarts of milk from Allan Osterman and was sentenced to one month in jail.

The continued cases of Linwood Norton and John W. Dempsey were called today, pleas of not guilty being entered by each. Norton was charged with assault and battery on Dempsey, and the latter was present on a complaint

## DID YOU SEE THE AURORA BOREALIS?

Aurora Borealis, alias northern lights, made a fleeting trip to Lowell last night about 11 o'clock, and many people stayed out a bit later than usual to give the celestial visitor the "once over."

The reporter who got the assignment to cover the visit of the distinguished party from the north made a dash for the roof of The Sun building, and got there just in time to see the tall lights dying out along the northern horizon.

It must have been some illumination, it was, according to the enthusiastic citizens who told the reporter of the brief phenomenon. The time may have had something to do with the disappearance of Aurora B., as Lowell closes up solid at 11 o'clock nightly. The vivid green, orange and violet lights that tinged in ribbons at the very edge of the deep-blue night sky were well worth a trip to The Sun roof or any other elevation.

Mr. Angelo Zaipos of 6 Middle street, Newburyport, Mass., is a Greek by blood although his heart beats warm and true for his adopted country, the good old United States.

Mr. Zaipos says: "The secret of strength, vitality and a seemingly inexhaustible fund of vital power is just this—Iron in the blood."

"Whenever I feel poorly I first look out for my blood."

"To put the blood in proper condition I take the Iron-Lax-Tonic treatment."

"I suspect lack of iron in the blood if anyone has constant colds, no color, a languid feeling; with no energy or ambition or sleeplessness and dull all-tired-out feeling."

"Then at once commence with the Iron-Lax-Tonic. The treatment in tablet form can be bought at any drug store."

There you have the advice of a strong, vigorous man, who has plenty of strength, vitality and nervous force for a busy life and plenty of strength and vitality left to enjoy all the pleasures of life.

RIVET IS CONFIDENT  
OF BEATING REED

George Rivet, the Canadian welterweight champion, reports that he is in perfect condition for his bout at the Triangle A. C. next Tuesday evening with Pal Reed of Minneapolis. Rivet has been training for the past six weeks and expressed great confidence in his ability to stay the westerner. While in Canada Rivet met all the good writers, including Ted Lewis, who at that time was the welterweight champion of the world. Rivet stated the entire ten rounds with the title holder, and while he lost the decision, he made a splendid showing. Rivet, who is now in Boston training for the mill, has informed Matchmaker Alan that he will be in the corner of Young Ayilla and Young Neary, both local boys, will appear in the semi-final and there will be two good preliminaries.

BOYLE TRAINING  
FOR CARLSON BOUT

Phinney Boyle who staged such a successful come back by knocking out the sensational Louisiana here Thursday night, started training today for his bout with Harry Carlson of Brockton which will be the main attraction at the Crescent A. C. next Thursday night. Boyle is very anxious to win over this Brocktonian and against him a few weeks ago. Boyle since that reverse Boyle has been training for a return match. And with several Boston clubs, the Brockton promoters and others after the bout the Crescent directors made a bout strike in getting it for this city. With a large advance demand for reservations the directors have decided to put them on sale Monday. There will be no increase in the assessment, but it behooves the members to step lively, as the number is limited. Billy Woods of Manchester and Willie Roberts of the Radio school will meet in the semi-final.

ST. LOUIS 8, CINCINNATI 1  
ST. LOUIS, May 3.—Three St. Louis pitchers allowed Cincinnati but two hits, and the locals won yesterday's game, 8 to 1. Turo, who pitched 6 1-3 innings, was largely responsible for the victory, scoring three runs and driving in three more. Score: St. Louis 8, Cincinnati 1. Batteries: Horstman, Goodwin, Turo and Snyder; Luther, Ring and Harnden.

CHICAGO 4, PITTSBURG 2  
PITTSBURG, May 3.—Chicago defeated Pittsburgh in the opening game here yesterday, 4 to 2. Each team used three pitchers. Mayor's head was split by a liner from Hollerbach's bat in the first inning and he gave way to Evans, whose wildness in the fourth and fifth innings, coupled with timely hitting by the visitors, scored all their runs. Adams pitched the ninth. Tyler hurt his side in the fifth inning and Martin, who relieved him, allowed the locals two runs while on the rubber. When the first man up tripped in the sixth, he was replaced by Douglas. Score: Chicago 4, Pittsburgh 2. Batteries: Tyler, Martin, Douglas and Killifer; Meyer, Evans, Adams and Schmidt.

NEW YORK 14, PHILADELPHIA 2  
NEW YORK, May 3.—The New York Nationals opened their home season yesterday with an easy victory over Philadelphia, 14 to 2. The Giants pounded Watson hard, getting 14 hits for a total of 24 bases, while Barnes was effective throughout. The game, which was preceded by the usual ceremonies, was attended by Maj. Gen. Thomas Barry and his staff. Score: Philadelphia 2, New York 14. Batteries: Barnes and McCarthy; Smith, Watson and Cady.

GEORGE RIVET vs. PAL REED  
Tuesday Eve., May 6, Playhouse

The jinx still works against Brooklyn, as further evidence they need where the Dodgers are opposing them. Yesterday Russell again pitched effectively enough to land a victory and held up the team when it could not hold itself up, but the little old hit was buried deep in the discard.

When is a Boston team going to win a game on the home grounds this season? Boston fans looked to the Red Sox to christen Fenway for 1919 with a wallop victory over Huggins' Yankees, but so far the visitors have taken two games to none by the Sox. The Braves started with a 2-1 victory in a win while at home, but went on the road dragging their tails behind them. We expected better things from Barrow's men.

The worm turned against Cincinnati yesterday and the Reds were set back for the first time this season. The Sox's crew has showed conclusively that they must be handled with kid gloves and are sure to work many big parades are the season work.

It is rumored that all is not serene in Pittsburgh way in the Sox league, and that city and Haverhill still constitute thorns in the flesh of the organization. League moguls have every reason to believe, however, that proper and sufficient support will be forthcoming in both burs before long, prominent business men of each city being in direct line for the plums.

Sunday baseball starts tomorrow in New York, Philadelphia, playing the Giants, and Boston playing Brooklyn across the river. The presidents of both leagues are to confer relative to Sunday games, but it probably means a new schedule to avoid confusion.

St. Louis Americans staged just the right sort of an inauguration yesterday when they hammered White Sox pitchers to all corners and won, 11 to 4. Gordon, pitched a Yankee hit with the stick, with a brace of doubles and a single.

Yesterday was a heavy scoring day anyway, a total of 36 runs being made by the 16 major league clubs, and there was some shut-out at that, and two near ones.

(N.E.A. Special to The Sun)  
NEW YORK.—Gee! Anybody would smile for \$10,000!  
That's the average yearly salary of these eight professional smilers from dear old Broadway—and lumped together the eight amiable young persons pull down a jolly little \$150,000 a year, just for looking pleasant!  
At that, they are only required to

smile four hours a day—with double time on Wednesday and Saturday afternoons. It's a gay life! Sure they can smile!

You've guessed it. The cheerful little ladies are stars of the Broadway shows. There is no place on the Broadway stage nowadays for the girl with the grouch. Furthermore, the "Probation Play" is a thing of the past. Most of the managers keep an "accelerator" in the wings, whose business it is to keep the company, from start to finish, smiling. Go behind the scenes any night and you will hear the "accelerator" busy prompting: "Watch your smile, girls! watch your smile!"

The smilers of the dollar sign are, reading from left to right, top row, Constance Binney in "33 East," Tessie Costa, in "The Royal Vagabond," Helen Hayes in "Dear Brutus." Second row smilers are Fay Marbe, in "The Velvet Lady," centre, Lucy Colton in "Up in Mabel's Room," Evelyn Vardon in "The Honor of the Family," and below, left, Mollie King in "Good Morning, Judge," and Josephine Victor.

RACING IN PARIS

PARIS, Friday, May 2.—(By the Associated Press).—The resumption of racing on the French tracks after nearly five years of interruption is helping Paris to realize that the fighting is at an end. The racing season will open Monday at Maisons-Laffitte and the bookmakers already are busy. The French government hesitated before authorizing the track owners to resume business. Premier Clemenceau displayed the utmost indifference, but Victor Portet, the minister of agriculture, championing the cause of the breeders, finally prevailed upon the premier to permit the races. Fashionable dressmakers have been busy during the last few weeks preparing gowns and the display at Maisons-Laffitte on Monday, weather permitting, is expected to surpass many of the famous displays seen before the war.

## B. &amp; M. RAILROAD CASE

## Appeal of Minority Stockholders Before Supreme Court Justice Loring

BOSTON, May 3.—An appeal through a bill in equity brought by members of the Boston & Maine railroad minority stockholders' protective committee from the report order of the Massachusetts public service commission, approving the proposed railroad reorganization plan was before Supreme Court Justice Loring today. The court issued an order of notice returnable June 2. It was stated that a hearing might be held before that date in order that a decision of the full bench could be had as early as possible.

The bill brought by Edward F. Brown of Ipswich and other members of the association is directed against the Boston & Maine railroad and the public service commission. It points out that on Nov. 28, 1918, "the presidents and certain directors of the Boston & Maine, Fitchburg, Boston & Lowell, Concord & Montreal, Connecticut River, Lowell & Andover, Manchester & Lawrence, and Kennepunket railroads entered into an agreement known as the 'Boston & Maine railroad system consolidation agreement' which was designed to take care of floating indebtedness."

The plaintiffs claim that \$13,300,000 in outstanding notes for the payment of which the public service commission in March authorized the Boston & Maine to issue bonds, was not a debt incurred for lawful purposes, but that the money was used to acquire stock of other corporations.

LOWELL GIRL INJURED  
IN AUTO ACCIDENT

Miss Eva Breault, 36 West Sixth street, this city, was the victim of a painful automobile accident in Lawrence Thursday evening. She was riding in a jitney bound for this city about 10.15 and was going up Water street toward the Lawrence boulevard when another machine darted out of Melrose street, collided with the jitney and drove it against a fence. The two machines became entangled and were damaged as a result. Miss Breault was taken to the Lawrence General hospital where she was treated for injuries in the back and remained there until relatives brought her home yesterday morning. Today she was resting comfortably at her home. The jitney in which she was riding was driven by John Economac of 173 Suffolk street, this city.

## BOLSHEVISTS ALL OVER HUB

Dist. Atty. Pelletier Sounds Warning Against Red Propagandists

Roxbury Disorders More Dangerous Than Average Person Imagines, He Says

BOSTON, May 3.—Warning of the presence of Bolshevik propagandists in large numbers in this city was given today by District Attorney Joseph C. Pelletier in a statement announcing his intention to obtain speedy action in the superior court on the appeals of persons arrested in connection with the May day rioting in the Roxbury district. In case of conviction in the superior court, he said he would ask for more severe sentences than were imposed in the municipal court.

"I have no intention," said Mr. Pelletier, "of expressing judgment in detail in those appealed cases. The men who are found guilty need expect no mercy or leniency from me, and I will do all in my power to persuade the court to impose the maximum sentence."

"The police have just called my attention to a circular which is being issued by a society and which bears the name of the Boston Central Labor union without authority from that organization. Even the label of the central union upon these circulars is a forgery."

"The demonstration at Roxbury is far more dangerous than the average person imagines. The Bolsheviks are right here in our midst in very large numbers. It is no longer a Russian name that means something horrible in faraway Russia. It is an actual present condition right here in Boston and throughout the country. Their motto is 'Down with the Stars and Stripes and up with the red.'"

"This expression is not used behind closed doors or in dark cellars, but is boldly and openly used upon any occasion. I want to make this a call on the decent people of Boston to open their eyes and their ears. These Bolsheviks are not confined to any one group or any one locality, but are to be found all over the city. They have at least two places in Roxbury."

## Must Give Up Cables

Continued

The document early next week. Final decisions on several problems which must be written into the terms of peace were reached by the Council of Three, yesterday.

### For Must Give Up Cables

Germany must give up her cable systems according to reports, but the allies will not incorporate in the treaty the plan for the future disposition of this property. The cables will merely remain in the hands of the five great powers until an agreement is reached as to what shall be done with them. This is virtually the same plan said to have been adopted for the warships which Germany has surrendered.

### Belgium and China Complicate

Objections over some decisions of the Council of Three are heard at Paris, the Chinese delegation issuing a statement to the effect that the action of the council merely "substituted Japan for Germany in Shantung, and gave Japan additional control of railroads in southern Manchuria." Belgium, too, is disposed to object to the conclusions of the council, as it is reported that the Belgians will not obtain rights they demanded over the control of the Scheldt river or territorial concessions in the Dutch province of Limburg and in German Measrich.

### Stop Press Attacks on Wilson

The Italian situation is still unsettled, but efforts are being made by the American and French ambassadors at Rome to reach an understanding with Premier Orlando. Measures have been taken to prevent further attacks on President Wilson by the Italian press and by persons engaged in demonstrations.

### Petrograd Reported Captured

Petrograd is believed to have been captured by the Finnish army which has been advancing from the frontier. The Bolsheviks were recently reported to be evacuating the city. This pronounced reverse for the Bolshevik arms is the most notable development reported from the anti-Bolshevik fighting fronts.

### Government Troops in Munich

Bavarian government troops have entered Munich, but reports appear to show that the soviet forces still hold some parts of the city.

### Reds "Marching" on Hungary

A rather indefinite report from Lon-

don states that a Russian Bolshevik army is marching on Hungary" after the arrangement of a convention with the Ukrainians. Whether this means that the Ukrainians are permitting the Bolsheviks to join the Hungarian, reds against the Rumanians, has not developed.

## ITALIAN ISSUE

### STILL IN BALANCE

PARIS, Friday, May 2.—(By the Associated Press)—The Italian issue is still in the balance with Thomas Nelson Page, American ambassador and Camille Barrere, French ambassador, both making efforts at Rome to find by conversations with Premier Orlando, a formula which will heal the breach caused by the withdrawal of the Italian delegation to the peace conference. Mr. Page has had two more long conferences with the Italian premier, who is said to show a disposition to resume relations, but who thinks that overtures should come from Paris.

Premier Orlando has written a letter deprecating anti-American demonstrations, saying that the minister of the interior has taken steps to stop them, paying particular attention to manifestations and the press campaign directed against President Wilson.

## CONTINUE MARCH ON BUDAPEST

GENEVA, Friday, May 2.—The Rumanian and Czech-Slovak governments, according to reports received here, have refused to entertain the offer of Bela Kun, the Hungarian foreign minister, to accept territorial concessions providing that fighting be stopped on all fronts. The Rumanians and Czechs continue the march on Budapest.

## GERMANS EXPECT TO SIGN JUNE 1

PARIS, Friday, May 2.—June 1 is given as the probable date for signing the peace treaty, in a German wireless despatch picked up in Paris. The first meeting of the German delegates with representatives of the allies is described at length in the despatch, the attitude of the French officials being characterized as "cold but correct."

## 76TH DIVISION UNIT AUSTRIA WILL BE MADE NEUTRAL REPUBLIC

BOSTON, May 2.—The transport Canandaigua, with 124 soldiers and two civilians arrived here today from Bordeaux, France, after repeated delays due to broken steering gear. The troops were given the usual harbor reception, and at Commonwealth pier were entrained for Camp Devens.

Included among the units on board were 700 officers and men of the 302d Field Artillery of the 76th Division, consisting largely of New England men. Other units were the headquarters company, ordnance and sanitary detachments and Companies A, B, C and D, 143th Machine Gun Battalion; First Army Artillery Park Motor section, headquarters, and Truck company D; Photographic sections 17 and 23, Air service, and casual company No. 70.

The majority of the members of the 302d field artillery were from Vermont and Connecticut, the first of the selective service men to go overseas from those states. The artillery was the only unit of the 76th division to remain intact after its arrival in France, the infantry regiments being broken up and used for replacements.

Major William Gammell, Jr., of Providence, R. I., formerly commander of the first battalion of the 302d was in command of the members of the regiment on the Canandaigua, while the senior troop commander on the transport was Major J. C. McDonnell of Baltimore.

Only two men were on the sick list today, Richard R. Kent of headquarters company, 302d Field Artillery, who had bronchitis, and Fonseca A. Braun of Battery E, who had the mumps.

## Novel Parade

Continued

ant dirigibles followed the procession overhead. The fire and smoke of the battlefield, the wall of sirens and shattering, car-splitting explosion of bombs, hand grenades and guns brought a sense of the grim reality of war. More than 500 cleverly devised floats showed many of the army's activities in a way never before understood by the layman. Eighty bands were in line.

Trenches, machine gun emplacements, dugouts, camouflaged artillery positions, signal stations and lookout posts, all manned by fully equipped doughboys, were shown. On some floats, Germans in their field gray uniforms and scuffed trench helmets were depicted for the sake of making the mimic warfare seem more realistic.

Two of the 18 floats of the chemical warfare service showed the wiping out of the machine guns used by the Germans as a rear guard for their retreat. From another float, men hurled the Stokes trench mortar bombs, laying down a smoke barrage around German machine gun nests.

Another float showed the entire process of filling gas shells from the moment of their receipt at the plant to their shipment to the dump for transportation overseas.

### See What Bonds Pay For

Other floats depicted the different military periods in American history. Various detachments of returned and wounded soldiers were in the procession. The cavalry of the service was represented by the 11th regiment from

## CHINESE DELEGATION CABLE LINES ARE NOW ISSUES STATEMENT IN PRIVATE HANDS

PARIS, Friday, May 2.—(By the Associated Press)—In declaring its disappointment with the decision of the council of three regarding Kiao-Chau, the Chinese delegation to the peace conference in its statement today said that the decision gives Japan practical control of northern China. The statement points out that China was not a party to any agreement between Great Britain, France and Japan through former Chinese territory was involved.

The statement reads in part: "If the council has granted the claims of Japan in full for the purpose of saving the League of Nations, as is intimated to be the case, China has less to complain of, believing as she does, that it is a duty to make sacrifices for such a noble cause as the League of Nations. She cannot, however, refrain from wishing that the council had seen fit as would be far more consistent with the spirit of the league now on the eve of formation, to call upon strong Japan to forego her claims animated by a desire for aggrandizement, instead of upon weak China to surrender what is hers by right."

China came to the conference with a strong faith in the lofty principles adopted by the allied and associated powers as the basis of a just and permanent world peace. Great, therefore, will be the disappointment and disillusion of the Chinese people over the proposed settlement."

## NEW ENGLAND

### V LOAN TOTAL

BOSTON, May 2.—The close of the second week of the Victory loan campaign found New England with considerably less than half its quota subscribed. An overall increase of \$12,561,000 brought the district total as officially tabulated today to \$170,820,000. In order to reach the objective a daily average of more than \$22,000,000 will be required.

The day's subscriptions by states was: Massachusetts, \$7,682,000; Rhode Island, \$2,051,000; Connecticut, \$1,749,000; Maine, \$183,000; New Hampshire, \$115,000; Vermont, \$202,000. Boston's subscription for the day was \$3,147,000.

## WOMAN MURDERED

### BOARDER IS HELD

CAMBRIDGE, May 2.—Mrs. Annie Wilson was strangled in her home at 20 Marcella street last night. James Lydon, a boarder at the house was arrested and, according to the police, admitted he committed the crime. He was held on a charge of first degree murder.

Mrs. Mary Roberts, formerly a boarder at the Wilson home, told the police that she went to the house in Marcella street in answer to a telephone call, where she said she was attacked by Lydon. Mrs. Roberts said that she struggled with the man and that he became frightened by her shrieks and ran.

Mrs. Roberts said that after she discovered Mrs. Wilson's body she accused Lydon and that he said: "Yes, I killed her." He then attacked her, she said.

Mrs. Wilson was 50 years old. Lydon, who was arrested at the North station in Boston, is 22 years old.

## DEATHS

BELLEVILLE—Joseph Belle, aged 66 years, died last night at his home, 129 Crawford street. He leaves five sons, George, Elie, Edmund, Urie and Eugene; four daughters, Mesdames Ernest Lemieux, L. Nault, H. Beaulieu and Rev. Sister Luc, Evangeliste, the latter of Albert, Canada.

CROSS—Mrs. George Cross, nee Cora Guerin, aged 22 years, died last night at her home, 518 Salem street, South Lawrence. She leaves her husband, her father, George Guerin; three brothers, Henri, Albert and Walter Guerin; and three sisters, Mesdames Ida V. Leland and Lottie Sweetney of this city, and Mrs. Rose Sheehan of Concord, N. H. The body will be removed to the home of the father, 450 Merrimack street, this city.

## 106 AIRMEN KILLED IN TEXAS DURING WAR

WASHINGTON, May 2.—American cable lines taken over by the government in November were restored to private ownership and operation at midnight last night by direction of President Wilson.

The turn back was without ceremony or formality, the wire control board of the postoffice department having arranged details of the transfer on April 23, at which time the government made known its intention to relinquish control of the properties.

Since December Newcomb Carleton, president of the Western Union Telegraph Co., has been directing head of the cable service by appointment of the postmaster general.

Beginning today, however, Clarence M. Mackay, president of the Commercial Cable Co., will resume his former duties with that company. Mr. Mackay was removed by the postmaster general because of his refusal to cooperate in government efforts to unify all trans-Atlantic service.

Postmaster General Burleson during the day received another telegram from Mr. Mackay, requesting the return of the Postal Co.'s land lines at once.

Mr. Burleson replied as follows: "Replying to your telegram of yesterday and today you are advised that my telegram to you of the first instant disposes of the matter so far as the postmaster general is concerned."

## BELGIAN CHAPLAIN

### HERE ON MISSION

NEW YORK, May 2.—Major Pierre Blommaert, Protestant chaplain-in-chief of the Belgian army, availed of the Order of Leopold and veteran of four and a half years' continuous war service, arrived in this city yesterday on the steamship Nieuw Amsterdam on a mission from the Belgian government to make known to this country the actual situation of the Belgian people at present and their need in the work of reconstruction. Chaplain Blommaert also a delegate from the union of Protestant evangelical churches of Belgium to the Federal Council of Churches of Christ in America.

"The first need of the Belgian people at this time is work," said Chaplain Blommaert. "We must have raw materials for use in re-establishing our industries, and credits for the purchase of materials and machinery."

"Idleness is our greatest danger at present. I doubt if it is realized in America that four-fifths of our people are without employment. The mines and the steel industry, upon which we depended so much before the war, are stagnated. We are making a slow

start in reviving the textile industry, which also has a mighty important element in the economic life of our people.

"Some of the machinery which was stolen from us by the Germans is now being returned but most of that which we shall need can only come from America."

## 106 AIRMEN KILLED IN TEXAS DURING WAR

FORT WORTH, Tex., May 2.—One hundred and six men were killed at the three big government aviation fields here between November 15, 1917, and the recent close of aerial activities, according to official figures just made public.

In the same period the three fields now being closed turned out 1475 finished aviators, most of whom were sent to the western front. A thousand commissioned aviators also were sent here from other schools to finish their gunnery course at Tullahoma Field.

During the training period the actual flying hours at Carruthers Field totaled 35,000, at Barron Field, 26,605, and at Tullahoma Field, 32,458.

The tail spin and nose dive were responsible for a large majority of the accidents, according to officers. In the entire training period not a single American cadet was killed on the first solo flight. This is attributed to the thorough instruction in ground work.

While the tail spin and nose dive were chief factors in the fatality list there were other contributory causes. Capt. Vernon Castle, who had, faced death numerous times over the German lines, survived his machine sharply to avoid hitting another aviator here. He lacked height for the maneuver, crashed and was killed.

The young son of Gen. Peyton C. March, chief of staff, was killed while engaged in combat practice at a height of 2,000 feet. The wings of his machine became entangled with those of his opponent's plane.

Capt. Robert Iselt of Providence fell from the greatest height, 5,000 feet. Two men fell from their planes at great heights because of failure to strap themselves in.

## 50 MEN OVERCOME IN NOTTINGHAM MINE

WILKESBARRE, Pa., May 2.—Fifty men were overcome with black damp in the Nottingham mine of the Lehigh & Wilkesbarre Coal Co. at Plymouth today. Twenty had been brought to the surface at noon, many in a serious condition. Thirty were still in the mine.
